Artwork of O'Hara's 7th graders' Living Saints Projects is the featured exhibit at the Jordan Schnitzer Museum of Art.

April 13th through May 23rd

The artwork is part of an in-depth three month annual project for the 6th graders who learn as they can about a saint of their choice. They write about the country their saint lived in, study ancient cartographic techniques, and create antique-looking country maps, write reports about their saint's life, and study the medieval art of illuminated manuscript and the prayerful art of iconography.

The Jordan Schnitzer Museum of Art exhibit showcases the icons created by the students and each includes an artist's statement.

Museum hours are Tuesday through Sunday, 11AM to 5PM and Wednesdays 11AM to 8PM. A reception will take place at the museum on Sunday, May 2nd at 2PM.
